

## WORX RACING SPONSONS KIT

PART # - WR547-I

**MODELS: KAWASAKI ULTRA 250/260/300/310 ULTRA LX**

### **INSTALLATION INSTRUCTIONS**

**IMPORTANT: READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH INSTALLATION**

Parts Supplied:      2 x **WORX** Racing adjustable sponson paddles  
                          2 x **WORX** Racing Backing rails  
                          12 x M8 x 30mm Button head bolts  
                          8 x M8 x 30mm Hex head Bolts  
                          8 x M8 x 17mm Flat washers

- 1- Remove stock sponsons: Clear all excess silicone away from behind the OEM sponsons.
- 2- Apply a bead of Marine silicone sealant around the edges of the Backing rails, and around each of the mounting holes (Four on each side).
- 3- Fit the backing rails to both sides of the boat using supplied M8 x 30mm hex bolts and the M8 x 17mm washers.
- 4- Fit the sponsons paddle using the remaining M8 x 30mm button head bolts supplied (start all of the bolts into the side rail before tightening).
- 5- Adjust the blades according to your riding style: These paddles are adjustable in height. Most riders will prefer the setting in the down position for the most aggressive performance.
- 6- After riding for about 15 minutes check that your sponson bolts are tight and when you have decided which position best suits your riding style apply a layer of Marine silicone sealant between the side rails and the sponsons and also apply red loctite to the mounting bolts. **Regularly check that the sponson fixing bolts are tight. The first hour is crucial.**
- 7- **Warning:** These sponsons will vastly improve the turning capability of your boat take time to get used to them before you attempt any hard cornering

Thank you for purchasing **Worx Racing components** products. We firmly believe that **Worx Racing Components** products are among the finest watercraft parts available. A great deal of time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation is a relatively straight forward and simple procedure. If you have any questions or comments on the performance and/or installation of our products please contact us at the numbers listed on page one or through your local **Worx** dealer.
