                          2 x **WORX** Racing Backing rails  
                          6 x M8 x 40 Hex head bolts  
                          6 x 8mm x 19mm Flat washers  
                          8 x  $\frac{1}{4}$  x 1 Button Head bolt  
                          8 x  $\frac{1}{4}$  x 9/16 Flat Washers

#### **IMPORTANT: READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH INSTALLATION**

- 1- Make sure ski is secure and on a flat surface. Remove lanyard.
- 2- Remove OEM Sponson paddles from hull.
- 3- Run a bead of Marine silicone sealant around 3 mounting holes on hull and a bead along both sides of the Sponson Backing rail.
- 4- Fit the backing rail to the hull using supplied M8x 40 Button bolts and M8 washers.
- 5- Fit the sponsons paddle using the remaining  $\frac{1}{4}$  x 1  $\frac{1}{4}$  bolts with the  $\frac{1}{4}$  x 9/16 flat washers supplied (start all of the bolts into the side rails before tightening).
- 6 Adjust the blades according to your riding style: These paddles are adjustable in height, most riders will prefer the setting in the down position for the most aggressive performance.
- 7 After riding for about 15 minutes check that your sponson bolts are tight and when you have decided which position best suits your riding style apply a layer of Marine silicone sealant between the side rails and the sponsons and also apply red loctite to the mounting bolts. **Regularly check that the sponson fixing bolts are tight. The first hour is crucial.**
- 8 **Warning:** These sponsons will vastly improve the turning capability of your boat take time to get used to them before you attempt any hard cornering

NOTE: Sponsons mounted in lowest position will have most aggressive turning. Raising sponsons will make sponsons less aggressive. Regularly check sponson bolts.

Thank you for purchasing **Worx Racing components** products. We firmly believe that **Worx Racing Components** products are among the finest watercraft parts available. A great deal of time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation is a relatively straight forward and simple procedure. If you have any questions or comments on the performance and/or installation of our products please contact us at the numbers listed on page one or through your local **Worx** dealer.
